714 Industrial Parkway Shelbyville, TN 37160  
Phone 931.684.2644 Fax 931.684.8993

Public Education Outreach and Involvement for the permit cycle of  
8/26/2014 to 8/14/2015.

Public Works Director Mark Clanton hosts a radio show on channel  
1580am on the third Wednesday of every month at 9:30am and he  
updates the public on current Stormwater issues and Stormwater jobs  
we have going on in the City.

On 6/19/2015 the City held a Stormwater presentation at Shelbyville  
Recreation center to educate the children about the importance of  
water quality. The children were taught directly out of the Project Wet  
manual. There were 24 children at this presentation.

On 6/23/2015 the City held a Stormwater presentation at the Purdy  
court facility to educate the students about the City of Shelbyville  
Stormwater Program. There were 26 students at the presentation and  
they learned the importance of Stormwater and what they can do to  
help keep it clean.

On 6/28/2015 the annual Duck River Cleanup was held at Shelbyville's River bottom park. The cleanup crew estimated the total to be one ton picked up inside the city limits.

In July 2015 the City renewed our yearly Membership to the Middle Tennessee Stormwater Association.

We have updated the City Stormwater Website this year to include our 2014 MS4 Annual report and also our Permanent Long Term Maintenance Plan outline for the Developers and Owners to follow. We also keep various Stormwater brochures available at our office for the public and development community.

Thank you,

Eric Pierce

Stormwater Coordinator

City Of Shelbyville, TN.
